The following resolution submitted by the Flagstaff Chamber of Commerce was unanimously adopted: RESOLUTION

WHEREAS, our State Engineer, Thomas Maddock, states in a letter of January 30, 1922, that he opposes the road between Holbrook and Lupton on the grounds that no State or County funds are available for the construction of this road, and advocates a detour about 78 miles longer by way of Springerville and Magdalena to Albuquerque, and easterly

WHEREAS, the original route of the Old Trails National Highway thru Arizona and New Mexico following the shortest line via Gallup New Mexico, connecting with the primary road system of New Mexico, along the shortest location possible for this Transcontiniental road, and WHEREAS, it is a matter of common knowledge that the routing of this road via Springerville is subservient to special and private inter

making a long and expensive detour for through travel, and WHEREAS, we believe that the final cost of completing the road along the long deviation proposed by our State Engineer, Mr. Maddock will greatly exceed the cost of making this short and much needed con-

nection between Holbrook, Arizona, and Gallup, New Mexico, and WHEREAS, the Counties of Navajo and Apache, Arizona, have made

certain appropriations for the connection of the Holbrook-Lupton road to Gallup, New Mexico, which appropriations with Federal Aid funds would materially improve this section of road, and

WHEREAS, it is certain that other appropriations will be made by the said Counties and State of Arizona to complete the Old Trails National Highway along the shortest route possible,

THEREFORE, Be It Resolved that the Board of Supervisors of Navajo County, Arizona, endorse and recommend that this section of road be retained as a primary road and a part of the seven per cent system, and further that this Board pledges its continued support to its ultimate C. A petition was presented to the Board asking for the establishment of a public road from the highway south of Pinetop to the town of Cooley. The Board appointed the following viewers to view out the proposed road and report to the Board at their next regular meeting: V. D. Smith, Acting County Engineer, John W. Adair and George Woolford.
